State Counts Blessings, Recognizes **Progress During '57 Michigan Week**

MICHIGAN HAS counted its blessings and recognized the progress of its state again. Each of the state's 7,500,000 citizens could have been his own public relations man from May 19 to 25, preaching the glories of living in Michigan to the world.

As the week started, engineers announced that the state's two peninsulas had been spanned for the first time in history by steel beams — the framework of the Mackinac Straits Bridge. With an overall length of 26,444 feet, the dream of linking the Upper and Lower peninsulas will be realized next November.

It was just one of the highlights of the week set aside each spring to advertise and promote Michigan.

The state's vacationland, surrounding more than 11,000 inland lakes, the growth of the resort industry to a \$500,000,000 business — plus other uncounted millions in tax money left in the state by resorters — was heralded as a major factor in the economy.

"All of us should be proud of our achievements, and in that pride should find strength to make ours an even more wonderful state," said Gov. Williams' proclamation.

Another part of the pride of Michigan is wrapped up in the \$500,000,000 highway program scheduled during the next three years, \$200,000,000 of it set for next year.

Great advances have been made in the care of mentally retarded children, the rehabilitation of prison inmates and the safeguarding of the health of the public.

Air travel has expanded and airports have improved to meet the need, while the St. Lawrence Seaway promises to make Michigan a world trading center.

Each of the seven days of Michigan Week was a special promotion. Spiritual Foundations started the week Sunday, May 19, and the next day, mayors and village presidents from all parts of the state exchanged cities and villages for the day.

Tuesday was Hospitality Day, emphasizing the "natural friendliness" of the Michigan home. Wednesday told how citizens make their living with tributes to industry, business and other methods.

Thursday was Education Day and Friday was Our Heritage Day, a bow to the early men who made Michigan's image, and Saturday was a look at the future in New Frontiers Day.

The benediction and theme of the week was announced by K. T. Keller, a retired giant of the automobile industry, who was general chairman of the 1957 celebration.

"Michigan Week belongs to everybody in Michigan," he said.

CONTROL OF TUBERCULOSIS has received another prop in Michigan. Under a new state law, local health officers may start action to send carriers of the disease to state hospitals, and in recalcitrant cases, to a confinement center at Gaylord.

State health officials said the method is necessary to prevent patients from leaving hospitals before they are cured and infecting others with whom they come in contact.

Of the thousands of tuberculosis patients in Michigan, only about 15 who refuse treatment will be affected by the law.

LOCAL SCHOOLS will get all the money in state aid they believed they were guaranteed 74 years ago. The legislature advanced the payment of \$24,000,000 from the primary school interest fund from July 1 to April 30 to make certain local school budgets would balance this year.

Last year, the schools said they believed they would get enough to pay \$190 per pupil from their automatic two-thirds of the state sales tax.

Moves out in a single sweep of motion
... Chevrolet with Turboglide!
 Chevy's come up with the new, est, sweetest, smoothest automatic drive—Turboglide. It's the first and only triple-turbine transmission!
 Turboglide is something really new and different in automatic drives. In the first place, there's only one forward-speed position on the control panel. There's no "Low" needed.
 Turboglide handles everything with the oil-smooth action of triple turbines. You travel from a standstill to top cruising speeds with never a lurch or lag to mar your motion.
 When you see a steep downhill stretch ahead, you set the selector at "GR" (Grade Retarder) and Turboglide helps slow you down. Try Chevy's new, nothing-like-it automatic drive. It's optional at extra cost—and worth it.

Senator Potter reports

... the latest news from Washington
of special interest to Michigan ...

May 27, 1957
I WAS A SOLDIER on furlough
last week, as I left the front ranks

of the Budget Battle for a quick
trip behind the lines. Flying out
to Michigan for speaking dates in
Battle Creek and Detroit gave me
a long-awaited chance to check
views of folks back home.
Every Senator should head back
to his State often for "soundings"
but this is not always possible
when pressure of Senate business
mounts.

IN BATTLE CREEK, at Hospital
Day ceremonies, I outlined our
Government's long-range plans to
modernize veterans' hospitals.
Michigan, incidentally, has five of
the 173 VA hospitals in the nation
— at Ann Arbor, Dearborn, Iron
Mountain, Saginaw and Battle
Creek. Today the emphasis has
shifted from building new hospitals
to improving the facilities we
have. This makes sense. As I
pointed out in Battle Creek, such
face-lifting is federal thrift in the
truest sense. Sometimes it is nec-
essary to spend money in order to
save it later. Every dollar we
put into modernization saves ten
dollars in new hospital con-
struction costs. As a member of
the Senate Appropriations Com-
mittee, I have been able to expe-
dite funds for the Battle Creek
hospital.

AT DETROIT, I peeked into
the future. Speaking at a Mari-
time Day dinner sponsored by the
Propeller Club, I predicted that
the United States will be the first
nation in the world to launch an
atomic-powered merchant ship.
Back in 1919 we sent the first
steam vessel across the Atlantic
Ocean. We were first to cross the
Pacific by steamship and first to
launch a nuclear-powered subma-
rine. I am told that several
European nations, like ourselves,
are thinking in terms of atomic-
powered merchant vessels. But
we've outstripped them. Plan-
ning is past and a contract has
been let. Work is progressing
well on the nuclear engine and
hull, with launching scheduled for
the spring of 1960. The next step
will be nuclear-powered Lake
vessels, which I hope to see mov-
ing through Michigan ports by
1961.

FLEDGLING subcommittee
on foreign commerce was held
last week when the Chairman
of the Senate Commerce Com-
mittee appointed five of us as a per-
manent unit to work on interna-
tional trade. This assignment car-
ries definite advantages for Michi-
gan. Our State's strategic location
at the hub of a vast new trade
artery, the St. Lawrence Seaway,
enhances her interests as a world
port. My membership in the new
subcommittee could be a trump
card in building Michigan's ship-
ping position. Other responsi-
bilities of the new group: oil imports,
gas pipelines from Canada, for-
eign airlines seeking routes in the
U. S., and the controversial ques-
tion of trading with Red China.

THE SENATE last week passed
my bill to revitalize the shipbuild-
ing industry on the Great Lakes
and I foresee no roadblocks on the
House side. Final action will open
the way for new contracts and
new types of ship construction at
our Lake yards. The lack of a
deep-water channel to the sea has
in the past stunted the growth of
the shipbuilding industry on the
Great Lakes. The Seaway, of
course, will give us a deep chan-
nel by 1959. My bill aims to clear
away the legislative obstacles to
Lake shipbuilding right now, so
that construction can start even
before the Seaway is opened.

AMUSING REPLIES are arriv-
ing to my recent gift of Michigan
navy beans. When I sent bean
packages to President Eisenhower

tured in our good soil, blessed by
Great Lakes breezes, and prized
by the gourmets of the world.
They contain more energy per
ounce than steak, eggs, corn, milk,
potatoes, oatmeal or bread." Here
are a few of the answers:

Senator Dvorshak of Idaho—
"This reveals the poetic side of
your nature. I didn't know you
had it in you."

Senator Barrett of Wyoming—
"Your State is indeed doing its
best to energize the nation."

Senator McClellan of Arkansas—
"I am looking forward to the
gustatory and dietary benefits to
be derived from this wonderful
food."

Senator Monroney of Oklahoma—
"I admire your courage in send-
ing us a food so rich in all the
things that I'm sure will broaden
our girth. But I'm also sure Mary
Ellen and I will thoroughly enjoy
several masses of them."

THE FIRST WHITE MAN, Jean
Nicot, came to St. Ignace in 1634.
Others followed, seeking riches in
the fur business. But not until
thirty-seven years later, in 1671,
when Father Jacques Marquette
built a mission chapel, was the
town founded.

Best wishes.

County Postoffices Tell
Of Improvement Program

Postmaster General Arthur E.
Summerfield called attention to-
day to the Annual Rural Mail
Box Improvement Program to be
observed two weeks starting June
3rd.

The program this year has been
broadened to include boxes on
certain types of suburban "mount-
ed" routes where the house-
holder's box is close to the curb
and is served by a carrier mount-
ed on a vehicle.

Both the Grayling and Frederic
Postoffices are cooperating in this
annual clean-up campaign. Post-
masters James Post and Letha
Leng of the respective offices an-
nounced. They also announced 8
points that would be stressed
during the improvement program
this year. They are:

1. Where boxes are improperly
erected or in unserviceable con-
dition, patrons will be encouraged
to provide suitable receptacles,
erected and maintained for easy
and safe accessibility, presenting
a neat appearance, and affording
protection to the mail.

2. Box holders will be urged to
paint their boxes and box supports
where needed.

3. Box owners will be urged to
inscribe their names clearly on
that side of the box which is
clearly visible to the carrier as
he approaches, if they have not
already done so.

4. Postmasters and rural carriers
will enlist the cooperation of
patrons to group boxes together
at one site along the road where-
ever practicable.

5. Box holders will be asked to
make sure boxes are located on
the proper side of the road.

The proper side of the road for
the box is on the right hand side
of the road in the direction the
carrier drives when covering his
route, unless the locality is such
that it does not present a hazard
or a violation of law for the car-
rier to cross to the left side of the
road to make the delivery.

Mr. Summerfield noted that
programs such as Rural Mail Box
Improvement Program "have been
of tremendous benefit in assuring
safe delivery of the mails, and in
helping to beautify rural Ameri-
ca."

Water supply how ranks with
labor and transportation as a key
factor in determining plant loca-
tion. One third of the nation's
total plant spending for new con-
struction in the past five years
has been concentrated in the
Great Lakes area.

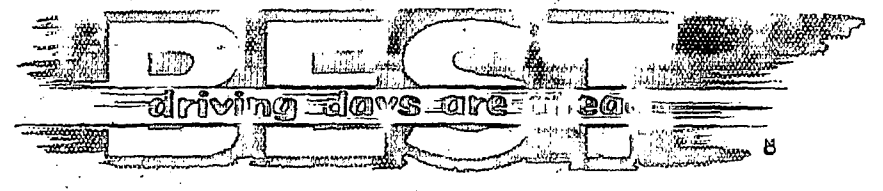

TRI-COUNTY 4-H CAMP DATES SET

The Annual Tri-County 4-H
Camp will start Monday, June 10
and end Saturday, June 15, ac-
cording to Ben Porter, County Ag-
ricultural Agent. The site will
again be the State YMCA Camp
Hayo-Went-Ha, on Torch Lake.

Porter says the Junior section
for members of ages 10, 11 and 12,
will start Monday morning and
end Wednesday morning. The
Senior section, for members of
ages 13, 14, 15 and 16, will start
Tuesday morning and end Sat-
urday morning.

years and older, will be from
Wednesday through Saturday. A
complete program of Conservation
study, recreation, motion pictures,
and group games is being planned.
It is anticipated that 180 4-H
Club members from Antrim, Kal-
aska and Crawford Counties will
register for the Junior section
while Senior Camp will have
about 110. Invitations have been
sent out to each member who has
completed a project within the
last year. Applications will be
taken on a first come, first serve
basis.

Greatness Is Never Achieved Suddenly!

It has long been true, in the affairs of men, that
only time can confirm the gift of greatness.

Artist, statesman, writer, craftsman—each must
await the years for the maturity of his talent and
for the verdict of his judges.

And as it is in the affairs of men, so it is in the
world of commerce. Nothing great was ever
created suddenly—whether the product be that
of an individual or of an organization.

Here, most certainly, is the very genesis of the
unique position which Cadillac currently occupies
in the hearts and minds of the world's motorists.

Since the first Cadillac car made its appearance
more than fifty-five years ago, it has always been
created to a single objective: to make it as fine a
motor car as it is possible to produce.

And, without question, the mission and the
accomplishment have been one and the same.

The goodness of Cadillac has, in fact, been so
apparent over that lengthy span that the Cadillac
name stands today as an accepted synonym for
quality wherever highways exist.

The pretenders have come—and they have
gone. For time is an exacting taskmaster—and
only the principles that have created the great
Cadillac car and only the devotion that has given
it being have been equal to the challenge.

Never has this fact been more deeply etched
in the public consciousness than it is during the
present automotive year.

If you have yet to take the wheel of a 1957
Cadillac, you should hesitate no longer to visit
your authorized Cadillac dealer.

Waiting for you in his showroom is proof
beyond doubt that Cadillac is—in fact as in
reputation—the Standard of the World!

Hospital

care —

43¢ a day

The photograph from the Bettmann Archive shows a
typical hospital ward in the late 1800's. Compare
this with the sparkling-clean, well-lighted, well-
equipped Blue Cross participating hospital of today!

Thank goodness
times have changed!

No wonder going to the hospital was considered
a last resort in great-grandfather's time. Hospitals
had little to offer. Even at 43¢ a day, hospital
care was no bargain.

Yes, thank goodness, times have changed...

Medical care makes such great strides so quickly
today that we take for granted the near-miracles
our doctors perform every day. In surgery...
delicate, life-saving operations that are considered
routine today were not thought possible even ten
years ago. Amazing new wonder drugs help us
recover quicker... make our hospital stay safer
... get us back home sooner.

Naturally the cost of hospital care is higher
today than ever before. But isn't the cost of living
worth it?

And isn't it comforting to know that as a mem-
ber of Blue Cross you and your loved ones will
have these necessarily higher basic hospital costs
paid for you automatically... whenever you need
hospital care? And with the companion plan, Blue
Shield, you have help in paying for the finest
medical care in the world today.

Frederic Boy Scout News

We have been pretty busy making trail signs directing the route to Deward, cooperating with the Crawford County Chamber of Commerce to help attract tourists to this county.

The following boys attended a Junior Leaders training at the

Ogemaw Hills (Ski Club) Friday night, May 10, and Saturday, May 11. John Cross, Fred Wilson, James Midkiff, Ben Redman and Neil House.

The weekend of May 24, 25 and 26, Ben Redman, Neil House and Jim Midkiff attended the Paul Bunyan Council Camporee at Sanford, Mich. They were accompanied by Jim House.

The following scouts and leaders attended the Order of the Arrow Conclave at Camp Nayati Friday night and Saturday, May 31 and June 1st. Ben Redman, Bob Midkiff and Dale Redman completed the ordeal to become members of the Order of the Arrow. Leo Post completed the brotherhood in the Order of the Arrow. We expect to have a weekend camping trip the latter part of June, which is to be a Father and Son camping trip.

Brownie Scout News

Our last Brownie Scout meeting for the season was brought to order by Pres. Sherry Montschau by singing "America".

The Promise was then recited by Ann Hulbert and Sandy Muri.

Prayer song, "God Answers Prayer."

Prayer was then offered by Patsy Henlon. Roll call - was answered by the naming of different Rev. Ryan and wife also Rev. Rigdon came as guests. Mrs. Ryan led the girls in several new choruses. Rev. Rigdon spoke to the girls on "Your Heart and Heaven".

The girls enjoyed a game of horse shoe as a real active game for the day.

Zandra and Linda Hopkins served, and a big thank you to Mrs. Hopkins for such lovely cookies.

Sixteen of our girls all came to march in the Memorial Day parade and how thankful we were for our dear girls. Also the mothers, Mrs. Morden Post and Mrs. Carl Johnson, who used the station wagons to take us to march. Thank you to Mrs. Ace Leno for the lovely lunch all prepared for our girls to enjoy after the parade. It's certainly been great to work with such wonderful mothers as we have in Frederic. Next Brownie meeting will be the first week of September.

Mr. and Mrs. Patrick of Ionia were clearing off their lot.

Bear Lake News

By M. D. the Moving Reporter

Guests of Sox and Del Hendricks this past week were Bud Bump of Decatur and Junior Rife of Dowagiac, Ed and Flo Grimes of Farmington and Del's son, Mr. and Mrs. Howard Irwin and family of Kalamazoo, also Mr. and Mrs. Tom Warner and two daughters of Saranac.

Mr. Henry Hirt of Rapid City spent Sunday here with us.

Mr. and Mrs. Glen Raup are commuting for three days.

Floyd Anderson is building an addition on their place at Bear Lake.

Ella and Gil Symons of Hamilton, Ohio, are up for two weeks trying to find out which is the best fishing Bear Lake or the Manistee River and it is still a question.

Lloyd Anderson worked so hard he didn't have the strength to break the eggs for his breakfast.

Mrs. Earl Gibson spent the weekend at Bear Lake.

Mr. and Mrs. Patrick of Ionia were clearing off their lot.

If anyone is interested, Dulcia Hendricks won the beautiful seven piece silver coffee service set from Mac Drug Store in Grayling and wants to trade it for an aluminum boat. Anyone interested will get a real bargain. You can call ALpine 8-4422.

Don't forget folks our free shows start June 13th. Come on out and bring the family.

One of the nicest little cabins being built, belongs to Evert Worthington from Toledo, Ohio. He is building on Millard Lake.

The Dean VandenBosch family called to show the little new daughter, Pam.

The Reginald Alexandra family and Frimp of Albion were in their cabin trying for trout on Bear Lake.

Myrtle Kimball and family are moving into Dingman's cabin this week.

Harold Crow brought his two sons up for the weekend and are leaving them for a month with the Marion Loyds.

Another general Bear Lake township meeting will be held at the township hall on Thursday, June 6, at 8 p. m. We will discuss

plans for the annual free barbecue of Bear Lake Township.

We sold fishing licenses to people this last week from Florida, Indiana, Ohio and New York.

Mr. and Mrs. Pete Smith from Flint and their son, Tom Cogges and his wife from Manistee stopped in to see us Sunday. They used to own the Manistee Lake Tavern.

Mr. James Barnhart is back to the Vets Hospital in Saginaw.

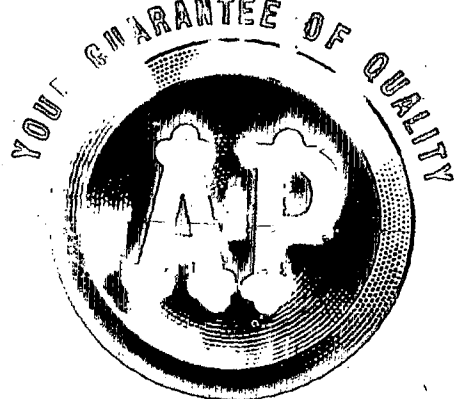

Mr. and Mrs. Jim Waters of Waterford, spent the weekend at the Roy's cabin.

Other folks in their cabins the weekend were the Walter Smiths from Stacks, the Ben Smiths from Ionia, the Spanglers from Flint and the Hoagans of Lansing.

The Bear Lake School Band wishes to thank Hilda Terry and all the parents of the children who attend Grayling School for their wonderful interest and cooperation in helping to plan the School Trip for their children.

Easy But Elegant Way To "Eat" Your Milk

No need to sacrifice elegance or glamour when you select this nutritious but simple dessert! It's Instant Charlotte Russe, made with convenient instant pudding and rich whole milk—no cooking necessary.

For this luscious dessert line an attractive serving dish with ladyfingers—then fill with rich coconut cream instant pudding and a puff of whipped cream, gaily topped with vari-colored sprinkles. It's a party dessert you can be proud to serve to any company, be it ever so important.

INSTANT CHARLOTTE Russe

- 1 egg white
- 2 tablespoons sugar
- 2 cups cold milk
- 1 package coconut cream instant pudding
- 10 to 12 ladyfingers

Beat egg white until foamy throughout, add sugar gradually, and continue beating until meringue will stand in peaks. Pour milk into mixing bowl. Add pud-

ding mix and beat with egg beater 1 minute, or until well mixed. Let stand 2 minutes. Then fold into meringue, blending well. Line

Crawford County A Robust Market, Survey Shows

(Special to the Avalanche)
New York, May 27.—On the basis of a new, national study of buying power, Crawford County stands out as a high-powered market, with families earning more and spending more than those in most parts of the United States.

The facts and figures bearing this out are disclosed in a copyrighted survey of buying power. The study, just released by Sales Management, covers every area of the country.

The prosperity of the Crawford County economy in the past year was evident in its record level of income, much of which promptly found its way to the retail market.

Local merchants, as a result, had a good year, chalking up a sales volume of \$5,384,000. This was a larger amount than should have been expected for a community of its size.

On the basis of population, local retail activity should have been only .0025 percent of the national. Instead, it reached .0028 percent.

The large volume of buying is seen as the expression of a confident, growing population. It resulted in gains in nearly every retail category, with non-durable goods going ahead most.

Many stores experimented successfully with higher-priced items. They found that people were ready to spend more for better quality. Bigger earnings were the force behind the business surge.

The study shows that Crawford County families had a net income last year, after deducting personal taxes, of \$3,890,000.

The excess of sales over earnings is accounted for by the fact that the local market is the trading hub for the surrounding area. The income total, divided by the number of local families, represents a net income of \$3,242 per family. It was \$3,014 the year before.

The business vigor of each community covered in the survey is indicated by an "index of sales production," which relates the retail volume done to the population. For Crawford County, the index given is 112 or 12 percent above average.

Thus far this year, reports show consumers are going right ahead with their spending in the stores, despite all the talk of a slowing down. This sustained buying mood is proving to be a major factor in maintaining business at a high level.

Get in the fine-car swim at the low Ford price!

There's no need to pay a "fancy price" to enjoy fine-car luxury. Ford is lowest priced* of the low-price three, yet offers values you'd expect only in cars costing far more!

To start with, you can easily pay twice the money, and not find lines that can hold a candle to Ford's for lowness, loveliness, or just plain good taste.

Out-step inside. That's when you'll find the real evidence of Ford's quality!

And, on the way in, note that Ford offers door checks that hold doors open in either of two positions—for easy entrance or exit. A little thing. But, in a fine car, why not? Then, inside, notice how comfortable those plush, foam-rubber seats are. They'll stay that way.

And on long trips. For they're scientifically contoured over non-sag springs. Your rear-seat passengers are treated

extra kindly, too—with spring assists to help them open and close the doors—with the most leg room in Ford's field!

Fine cars are smooth—and that's another place Ford really shows its stuff!

Ford delivers its famous V-8 power, smooth as a whisper. That's because only Ford takes the pains to electronically balance each engine while running under its own power. Not even the makers of the most expensive automobiles go this far to bring you super-smooth performance.

Ford rides fine-car smooth and quiet, too. You can thank the new "Inner Ford" for that. Ford, for instance, has

a swept-back front suspension that actually "rolls with the punch" of every road bump.

Ford's rear springs automatically adjust to give the right ride for every road. And Ford keeps things quiet, with the most sound insulation in its field.

Fine cars are built to stay solid. So's Ford!

Ford has the only frame in its field to make use of rugged tubular steel beams. No car at the price offers so many roof-strengthening beams. Expensive cars aren't built of thicker body steel or with sounder engineering skill. Then, of course, in Ford you can have all the power assists and other conveniences found in fine cars. And they cost far less in Ford. Yes! In every feature, every part, Ford is the fine car at half the line-car price. Come in and see!

Foreign Policy...

Three concepts—peace, justice and liberty—underlie the foreign policy of the United States. The task is to realize these concepts in a world of rapid and accelerating change.

This was said early in a speech by Secretary of State Cordell Hull, made at the recent annual luncheon of the Associated Press. It is a speech of great interest, in that it outlines this Administration's attitude toward the world at a time when our foreign policy is being vigorously debated, and is subjected to both heavy attack and aggressive defense.

That policy, as Dulles explains, is not based upon attempts to preserve the status quo. It recognizes that change is a law of life. Therefore, "We seek to assure change will be benign and not destructive, so that it will promote not merely survival but freedom and well-being." A first requirement then, "is that the door be kept open to change by violent aggression."

The collective security system is designed to accomplish that. Mr. Dulles certainly does not regard it as a subject—as he says, it "is subject to assaults from within and to infirmities within." But he clearly feels that working about as well as can be expected, that it will remain the corner stone of free world policy.

Back of this policy, and the principal deterrent to war, is mobile retaliatory power. This is not just a matter of manufacturing huge stockpiles of nuclear weapons of maximum destructive effect along with the means to take them to possible targets. It may well be that we are in for an era of so-called "little wars." Thus, there must be many kinds of weapons, along with forcible local action. The cost of weapons is at an unbelievably high today, and many of them become obsolete almost as soon as they are produced.

That fact brings Mr. Dulles to defense of the Administration's policy of supplying military equipment to allies. The United States, he says, is the only free world country able "to sustain the cost of developing a capacity of retaliation adequate to deter a potential aggressor who himself has great and growing aggressive power."

What this amounts to is an arms race. We have been forced into that. But no one, Mr. Dulles least of all, thinks such a race with the Russians is a real solution to anything. As he puts it, "An arms race is costly, sterile and dangerous." So U. S. policy is pledged to bring the race to an end if and when that may be possible.

One of the great political changes of all times has occurred in the last decade. In that short period, in the free world orbit, 19 new nations with a total population of 700 million people have been created. Other nations have gained full or partial sovereignty. Of them Mr. Dulles states: "We want the new independence of others to be something better than a brief twilight preceding the blackout of Communist despotism."

Mr. Dulles goes into detail as to specific points of our policy—some of which are highly controversial while others are generally accepted by everyone. He ends on a note of confidence that we can, despite all the risks, successfully "wage peace" and prevent all-out nuclear war. In his words, "Surely, our nation did not reach a new peak of power and responsibility merely to partake of the greatest, and perhaps the last, of all human disasters. If only we are faithful to our past, we shall not have to fear our future. The cause of peace, justice and liberty need not fail, and must not fail."

Frederic High School is holding its annual commencement exercises this week, when eight young men and women are to receive their diplomas, as follows: June Horner, who is president of her class, together with Lillie Welch, are the valedictorians, and Erma Barber, secretary, is salutatorian. The other members are Lillie Charron, treasurer; Vance Horner, vice president; Helma Cossaut, Martha Volmer, John Feldhauser. Fifty pigeons were liberated by E. N. Darveau, express agent, Sunday morning in the race put on by the North Road Open Homing Club of Detroit. Some time ago Grayling was designated as one of the race stations to fly the

pigeons from, and Sunday was the date of the first flight. The pigeons were shipped to Grayling from Detroit in a crate, arriving on the morning train Sunday, and at 7:25 o'clock, Mr. Darveau liberated them. He says they flew into the air and after circling around two or three times, headed south for Detroit. On July 15 and August 26 there will be similar races.

The last month of the school year is here, bringing to twenty-three of the session hall their last days of high school. The dates for the graduating exercises are June 20 and June 21st. Following are the members of the class: Emil Kraus, president; Wanda Cardinal, vice-president; Virginia Engel, secretary; Matilda Engel, treasurer; Dorcas Kangas, Harold Coutts, Dale Parker, Robert LaMotte, William MacLeod, Charles Taylor, Robert Papenfus, Elmer Winterlee, Mabel Pankow, Ardith Dunham, Yvonne LaGrow, Helen Brady, Lucille Wheeler, Lorylle Hulme, Grace Jones, Betty DeFrain, Frances May, Thelma Chapell, and Elaine McDonnell.

A meeting of interested persons was held at the Court House last night to further plans to care for the cemeteries. A. L. Roberts acted as chairman and Mrs. Frank Barnett acted as secretary. The object of the meeting was to discuss plans for the hiring of a caretaker to look after the cemeteries for the summer months, but the matter still to be settled is how to raise the money. With this in view it was decided to hold a mass meeting with the Grayling Township Board present, some evening the forepart of the week to discuss this matter.

Mrs. Paul Dreher and children returned to their home in Detroit Monday after visiting here for a few days with her mother, Mrs. Alex LaGrow. She was accompanied by her nephew F. J. McClain, who will visit there.

You will remember last Friday, when the mercury registered 103 in the shade, well that's the day that the Seniors chose for their annual "skip" day. To say that they enjoyed the trip immensely would be telling a falsehood, as it was so hot one couldn't be comfortable anywhere. The trip took them to Traverse City where they visited the several places of interest. They were accompanied by Mr. Cornell, leaving Grayling during the early morning hours and arriving home at near midnight. Despite the fact of the extreme heat it was their "skip" day and will hold sweet memories in the years to come.

Mr. and Mrs. John Wahlstrom have moved to the property on Spruce Street which they recently purchased from Walter Hanson. Mr. and Mrs. Wilfred Laurant who were occupying the place have moved to the former Kuster property on Michigan Avenue which they have purchased. "We Were Amazed"

Says CAR LIFE,
The Family Auto Magazine

We were amazed as we drove the Special four-door hardtop, to find that an automobile could be completely changed yet retain so much of its former appearance and character. The 1937 models have all the familiar, solid Buick virtues.

THE ABOVE brief clipping tells you worlds
about the '37 Buick.

It tells you we went all out to make this car completely new—yet we didn't sacrifice a single Buick virtue.

So you still get that unmistakable Buick styling.

You still get that big-car room and comfort and that solid Buick quality.

But you also get so complete a change in the vitals of this car that the driving of it is a wondrous new experience.

You get a brilliant brand of performance that's different from anything else that goes on four wheels.

Words won't describe it. Telling you there's an all-new engine, an instant new Dynaflo, a completely new power train—none of that will convey this news to you.

What you have to do is get in this car and drive it. Drive it around the block, through town, out on the highway. Actually feel what happens when you press the gas pedal, turn the steering wheel, touch those powerful new brakes.

Then—and not till then—will you know why folks call this "the dream car to drive."

The best advice we can give you, by far, is this: Ask your dealer for a trial run today.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special. Safety-Buzzer is standard on Roadmaster, optional at extra cost on other Series.

Give her gifts of steel

When a special friend or relative is taking that important step from Miss to Mrs., show her your delight: Give her gifts of steel.

For steel gifts are stylish gifts that last a lifetime.

When you buy them for a shower or wedding, you're giving the bride much more than just an expression of your affection. You're giving gifts that will endure as long as she needs them.

Showering the bride with gifts of steel means choosing from countless items made to give stylish service—from coffee makers to canisters, folding chairs to flatware, trays to toasters, clocks to cutlery. No matter what you choose to give, she'll appreciate your good taste and thoughtfulness.

And any bride would glow with pleasure to see the lustrous quality shining through every gift of steel. And she can be assured these good-looking items will go to work in a thousand ways to prove their lasting value. For only steel can do so many jobs so well.

So when you shower the bride, make it a Steel Shower. And when you shop for the bridal gifts, make an investment that is fashionable and practical. Look for the store displaying the Steel Shower symbol—and get the gifts that will last a lifetime.

This symbol identifies the store that's a

beautiful club house on the river. The gravel road running directly west to Portage Lake is fast nearing completion, and when finished will be a nice straight piece of road. This work is going along nicely under the able supervision of F. O. Pock.

Roy Barber, Thomas Shaw, Walter Hanson, George Langevin and Olaf Michelson have new houses underway. We also note some new homes going up on the south side and at "T" town.

R. Hanson and sons are building a fine new planing mill at "T" town. The foundations are of solid concrete. The frame is up now and the building will be enclosed in another week. R. Hanson and Sons expect to have the new mill running full blast not later than August 1st.

R. Hanson left Thursday noon for Detroit en route to Denmark. Mrs. R. Hanson, Mr. and Mrs. J. K. Hanson and Miss Minnie Jorgensen and mother met him at the train Saturday and they were on the fast train the same evening, arriving in New York Sunday morning. Tuesday they will sail from New York and will be aboard three months.

O. S. Hawes chartered a party of lumbermen down the river last week for a few days stay at one of the cozy cabins of Henry Stephan's. While in the city they were the guests of T. W. Hanson. All of the people of Fredrick were much surprised when they awoke last Sunday morning and found the mill burned to the ground. It was built 11 years ago by Henry C. Ward and had since passed into the hands of the Walsh Manufacturing Co. of Pittsburgh. The night watch had cut off all steam to cool off the dry kiln. At 4:30 they went to raise the curtain to allow the heat to escape in preparation for cleaning the building, when the flames burst right into their faces. They tried to sound the alarm, but were unable to turn on the whistle hence the surprise. C. Jorgensen and N. Meager lost all their carpenter's tools. The total loss or amount of insurance is not known at present.

Last week while playing ball, H. Goggers of Fredrick had the misfortune to break his leg.

Mrs. George Burke of Frederic started for Seattle, Washington, last Thursday.

Miss Owen of Lovells, with her brother Charles, and Newell Underhill, spent Decoration Day at Grayling and report a splendid time.

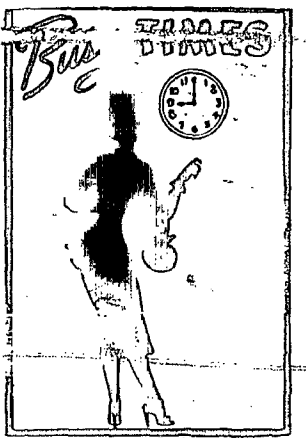

The Loyal Americans, Bay City's fast amateur ball team crossed the river on local trains Saturday and Sunday last week. Saturday's game scored 4 to 3 in favor of Grayling. Sunday's game was stopped after the 13th inning, on account of rain, the score still standing at 4 to 0.
